## The Need

Residents receive financial assistance from The Fellowship of John for a variety of reasons. Sometimes their income does not keep pace with inflation. Sometimes illness depletes financial resources and frequently a mate's death terminates the vital pension benefits necessary to meet daily living expenses. Often, changes in the level of care may exceed the resident's ability to pay.

Whatever the reason, the loss of financial security is frightening. The Fellowship of John can provide financial assistance in a confidential, compassionate manner that lends dignity to the recipients. With ever mounting medical cost the need for Fellowship of John assistance will continue to grow.

## How it works

The identity and financial records of all applicants are protected by the **Applications Committee of the Christian Church of Greater Kansas City (Disciples of Christ)**.

(No Foxwood residents serve on this committee).

A complete and confidential assessment of the resident's financial needs is done which includes medicine, doctor, insurance and other necessary living essentials. In reviewing this information, a plan is developed that may include offering monthly financial assistance from The Fellowship of John, to cover any shortfall.

## How You Can Help
